

PRACTICAL TRAINING

A majority of our Global seminars and conferences have a practical demonstration hosted by our partner airports worldwide to learn more about common problems and their solutions to various aircraft rescue questions.

THEORETICAL LEARNING

Passing on Aviation Rescue and Fire Fighting knowledge in the form of technical information is important to us and have a wide range of subjects made available from Global speakers who make their papers available to all our Members.

PROFESSIONAL FELLOWSHIP

Get to know other airport and fire fighting personnel from around the world, and learn more about their equipment, facilities and training. Meet, greet, and develop lifetime friendships with other IAFPA members when attending IAFPA conferences around the world.

MEMBERSHIP CERTIFICATE & CARD

Proudly display your membership in the IAFPA, and show your commitment to the study and profession of Aircraft Fire Fighting and Rescue. It allows you discounts to IAFPA events and seminars, and identifies you as a member of the IAFPA.

THE INTERNATIONAL AVIATION FIRE PROTECTION ASSOCIATION

MEMBERSHIP APPLICATION FORM

WHO WE ARE

The IAFPA was formed in 2000 by a dedicated group of airport and municipal fire service professionals and industry specialists as a professional association of International airport, municipal, and military fire and emergency services professionals to promote the information exchange, study, and improvement of aircraft rescue fire fighting and airport facility fire protection.

The IAFPA believes that through closer personal interaction with worldwide airport, municipal and industry specialists we can foster and enhance all aspects of training and operational procedures dealing with aircraft rescue and airport fire protection. Through the IAFPA we will offer our support and technical expertise to each other and international aviation regulatory agencies. The IAFPA will work closely and cooperatively with other international aviation fire / aviation passenger safety organizations as a resource for their missions, and to offer our technical expertise, support, and assistance to promote improvements in matters that affect aircraft fire / passenger safety.

OUR MISSION STATEMENT

“To facilitate & promote the sharing of information and learning to enhance fire, safety & security for the international aviation community”.

WHAT WE ARE NOT

The IAFPA is not a union and membership in the IAFPA, does not bind any member to any course of action. IAFPA membership is open to all members of airport, municipal, military, industrial fire and emergency services and aviation safety / security personnel. Through our international membership, the IAFPA's goal is to foster a climate a fraternal friendship, professional respect and mutual cooperation, and to enhance our knowledge of each others professional roles and during an aircraft accident or airport fire / emergency.

I hereby apply for annual membership into the **International Aviation Fire Protection Association**
